

CARROLL COUNTY APPLICATION FOR THE MARYLAND AGRICULTURAL LAND PRESERVATION FOUNDATION (MALPF)

This application is not the official MALPF application. Your final application will be prepared and completed for your review and final approval by the Carroll County Ag Land Preservation staff. You must visit our office to speak with staff for the final preparation of the official MALPF application. We will call you to arrange an appointment when all information about your property has been finalized by staff and is ready for your review and approval. At that time we will answer any questions or concerns you may have. Call 410 386-2214 if you have any questions prior to this.

Did you apply to sell an easement in the previous application cycle? Yes / No

PART A

I/We _____, landowner(s) of the property referenced herein, located in _____ County, Maryland, apply to the Maryland Agricultural Land Preservation Foundation (MALPF) to sell an agricultural land preservation easement, pursuant to Agriculture Article, Section 2-510, Annotated Code of Maryland.

This application to sell an easement and any subsequent offer to buy an easement, including any Deed of Easement to be recorded on this property, will cover the entire contiguous acreage referenced in the application. Acreage is not permitted to be withheld, unless it is for the permitted lot exclusions specified under Agriculture Article, Section 2-513, Annotated Code of Maryland, or the acreage to be withheld is approved by the Foundation.

I am/We are willing to sell an easement on my/our land for \$ _____ per acre. I/We understand that the Foundation makes offers based on the lower of: (1) the asking price, (2) the calculated easement value. Carroll County caps easement value at 70% of the fair market value. This means an offer will not exceed 70% of MALPF's appraised and calculated value.

PART B

LOT SELECTION

In the Deed of Easement, I/we hereby elect to (check one):

- Reserve family lots, subject to density restrictions; (family lots can only be used by family members who must live in the home for five years and cannot be transferred to another party for five years).
- Reserve one (1) unrestricted lot that is either:
 - Subdividable (choosing a subdividable lot decreases easement value)
A non-subdividable building envelope, (a non-subdividable building envelope creates the ability to build a house on the farm that will stay with the farm, that is, it cannot be sold separately from the farm.)
 - farm.)
- waive all rights to lots, (this option creates the highest easement value)

Note: All landowners of record must sign this application. If the property is owned by an entity, all entity members must sign in their capacity as designated in the entity's organizational documents. Attach a separate sheet if necessary. Please note that if there are any life estate interests or right of first refusal in another person or entity, they must also sign this application.

I/We confirm my/our understanding that I/we may not change the lot selection unless I/we withdraw my/our application and apply in a subsequent cycle.

I/We acknowledge that the land on which I am/we are applying to sell an easement shall not be subdivided (including lot releases), conveyed to others, altered in its configuration, or encumbered by a restriction during the application process without prior written approval of the Foundation. Failure to comply with this restriction may result in withdrawal of the application.

I/We acknowledge that the land on which I am/we are applying to sell an easement consists of only the paid acres as described on page 1 of this application. I/We acknowledge that any acres identified on page 1, Part A, paragraphs d. and e., are voluntarily and willing incorporated into the easement for no compensation. In addition, when determining the agricultural value of the land (per COMAR 15.15.02.06), only the paid acres shall be considered.

I/We confirm my/our understanding that if the property contains at least 25 acres of contiguous woodland, I/we must submit evidence of a complete Forest Stewardship Plan performed by a forester certified in the State of Maryland prior to settlement and that delay in providing such evidence to the Foundation will delay settlement of the easement. I/we also confirm our understanding that the plan must include methods of management and a schedule of implementation. I/we also understand that the plan must have been created and/or updated for sufficiency within the last ten years, and I/we confirm our understanding that the Forest Stewardship Plan must be followed according to its schedule for implementation. If an easement is purchased on this property, I/we confirm our understanding of the responsibility for implementing the plan as outlined according to the schedule of implementation.

What You Should Know Before Applying:

The acceptance of applications is subject to available funding. If the State of Maryland purchases your development rights, you voluntarily give up your rights in perpetuity to develop your farm for any purpose other than agricultural and forestry use. This means that for whatever compensation mutually agreed upon by you and the Maryland Agricultural Land Preservation Foundation, you will preserve the land for agricultural and forestry use with no expectation for any other use of that land now or in the future, forever.

It is the current policy of the State Board of Public Works that, if more acreage is found by a subsequent survey than was reported when the option contract is approved, the offer cannot be adjusted upward to cover additional acreage; however, if less acreage is found by a subsequent survey, the offer will be adjusted downward for the acreage reduction. If there is a substantial change in the acreage calculation, the validity of the appraisal and the property's ranking may be at issue, and the property may have to be re-appraised and re-ranked. If acreage is verified within 2% of the acreage provided in the easement application form, and for which verification of acreage has been provided, payment is based on the original acreage, minus one acre surrounding each pre-existing dwelling.

You may not alter your property while there is a pending offer. This includes entering into any agreements, covenants, easements, or mortgages, or requesting lot exclusions. If there is a need to re-finance your property during the Easement process, please notify the MALPF staff.

If a property consists of multiple parcels and/or deeds, every parcel submitted under one application must be owned under identical common ownership. Separate fee deeded parcels are permitted under one application if the parcels are contiguous and owned by identical persons(s)/entity.
