Let Thrive, Carroll County Housing's Family Self-Sufficiency Program, help you reach your goals!

In the voucher program, when your income goes up, so does your rent. This can make savings difficult, if not impossible. However, when you are in the Thrive Family Self-Sufficiency (FSS) Program and your rent goes up due to an increase in earned income, we start a savings account for you with HUD money! This account becomes a powerful savings tool that you can use to reach your goals and get ahead. In the Thrive Program, you are not alone in trying to get ahead and will be linked to resources to help you reach your goals.
