Independent Auditors' Report on Internal Control
Over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in
Accordance with Government Auditing Standards

The County Commissioners of Carroll County Westminster, Maryland

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, the budgetary comparison of the General Fund, and the aggregate remaining fund information of the County Commissioners of Carroll County, Maryland (the County), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated November 18, 2015. The County's financial statements include the operations of the Carroll County Community College, the Carroll County Board of Education, the Industrial Development Authority of Carroll County, and the Carroll County Public Library for the year ended June 30, 2015. Our audit described below, did not include operations of the entities because these entities engaged for their own separate audit in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify a deficiency in internal control, as described in the accompanying schedule of findings and questioned costs as item 2015-001, that we consider to be significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

County's Responses to Findings

The County's response to the finding, item 2015-001, identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditors' Report on Compliance with Requirements That
Could Have a Direct and Material Effect on Each Major Federal Program and on
Internal Control over Compliance in Accordance with OMB Circular A-133

The County Commissioners of Carroll County Westminster, Maryland

Report on Compliance for Each Major Federal Program

We have audited the County Commissioners of Carroll County, Maryland's (the County) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2015. The County's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

The County's financial statements include the operations of the Carroll County Community College, the Carroll County Board of Education, the Industrial Development Authority of Carroll County, and the Carroll County Public Library for the year ended June 30, 2015, component units which may have received federal awards, and which are not included in the schedule of expenditures of federal awards for the year ended June 30, 2015. Our audit described below did not include the operations of these entities because we were separately engaged to perform and have separately reported on the results of our audits of the Carroll County Community College, the Carroll County Board of Education, the Industrial Development Authority of Carroll County, and the Carroll County Public Library, in accordance with OMB Circular A-133, if required.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2015.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items 2015-002 and 2015-003. Our opinion on each major federal program is not modified with respect to these matters.

The County's responses to the noncompliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The County's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on them.

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified deficiencies in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as items 2015-002 and 2015-003 that we consider to be significant deficiencies.

The County's responses to the internal control over compliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The County's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on them.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the result of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

NOTE 1 – REPORTING ENTITY

The accompanying Schedule of Expenditures of Federal Awards presents the expenditures of all federal award programs of the County Commissioners of Carroll County, Maryland (the County) for the year ended June 30, 2015.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying Schedule of Expenditures of Federal Awards has been prepared using the modified accrual basis of accounting as fully described in the Summary of Significant Accounting Policies accompanying the County's basic financial statements.

NOTE 3 – RELATION TO BASIC FINANCIAL STATEMENTS AND FEDERAL FINANCIAL REPORTS

Amounts reported in the accompanying Schedule of Expenditures of Federal Awards agree with amounts reported in the basic financial statements and the related federal financial reports submitted by the County.

Section I – Summary of Auditors' Results

Section II – Financial Statement Findings

2015 - 001

Description: Prior Period Adjustment to Capital Assets

Type of Finding: Significant Deficiency

Condition/Context

A prior period restatement was necessary to correctly record assets placed into service in prior years. The effect of the adjustment was an increase in Capital Assets to Governmental Activities of \$3,343,980 and to Business-type Activities of \$7,697,795 with a corresponding increase to Net Position, Net Invested in Capital Assets, for the respective amounts.

Criteria

COSO/Internal Control Framework defines control activities as "policies and procedures that help to ensure management's directives are carried out." Management review controls are defined as, "the activities of a person, different than the preparer, through analyzing and performing oversight activities performed, and is an integral part of any internal control structure." COSO/Internal Control Framework state that control activities must be in place for there to be adequate internal control procedures over financial reporting. Furthermore, these control activities should be performed timely to ensure financial transactions are recorded in the correct reporting period in compliance with Generally Accepted Accounting Principles (GAAP) and the standards set by the Governmental Accounting Standards Board (GASB).

Cause

This was the result of information regarding the construction and donation of capital assets, including the value of the assets and the date placed in service, not being communicated to the Comptroller's Office in a timely manner to ensure the transactions were properly recorded in the correct reporting period.

Effect

A prior period restatement was recorded to correct the error.

Recommendation

We recommend that management of the County review current procedures and make appropriate changes to ensure that necessary information related to construction and donation of capital assets, including the value of assets and the date placed in service, be communicated to the Comptroller's Office in a timely manner that allows the finance staff to properly record the transaction in the correct fiscal period.

Views of the Responsible Officials and Corrective Action Plan

The County agrees with this internal control concern and in the future will recognize and properly record all donated or transferred assets at the time of donation or transfer. The County will update accounting procedures to include quarterly reviews of general ledger transactions to confirm that all revenues, expenditures, assets and liabilities are recorded in the proper fiscal year. The review process will be initiated by the Comptroller's Office.

Section III - Federal Award Findings and Questioned Costs

2015 - 002

Federal agency: U.S. Department of Health and Human Services

Federal program: Temporary Assistance for Needy Families (TANF)

CFDA Number: 93.558

Pass-Through Agency: Maryland State Department of Human Resources

Pass-Through Number: CRRL/SSA 14-013

Compliance Requirement: Subrecipient Monitoring

Type of Finding: Control and Compliance, Significant Deficiency

Criteria or specific requirement: According to OMB Circular A-133, at the time of the subaward, the pass through entity is responsible for identifying to the subrecipient the Federal award information (i.e., CFDA title and number; award name and number; if the award is research and development; and name of Federal awarding agency) and applicable compliance requirements.

Condition/Context: For 1 of 1 subrecipients selected for audit testing, at the time the subaward was made, the County's Department of Citizen Services did not identify the CFDA title and number, award number, and name of Federal awarding agency.

Questioned costs: None

Cause: The County's Department of Citizen Services does not have policies and procedures in place to ensure that subrecipient agreements contain required Federal identifying information.

Effect: The County's Department of Citizen Services is not in compliance with subrecipient pass through identifying information requirements.

Recommendation: We recommend the County's Department of Citizen Services establish policies and procedures to ensure that subrecipient agreements contain required Federal identifying information.

Views of responsible officials and planned corrective actions:

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Actions planned in response to finding: Carroll County Grant's Management Office will change their procedures as soon as possible to collect all necessary information on new Grant awards. Local Management Board will establish procedures to ensure that sub-recipient agreements contain required Federal identifying information.

Responsible party: Manager, Carroll County employee authorized to sign the subaward. Department/Agency responsible for operating the Grant. Carroll County Grant's Management Office.

Planned completion date for corrective action plan: February 28, 2016

Plan to monitor completion of corrective action plan: Carroll County Grants Office will change their procedures as soon as possible to collect necessary information on new Grant awards and will communicate the information to County Departments to include in any subaward.

<u>2015 – 003</u>

Federal agency: U.S. Department of Housing and Urban Development

Federal program: Housing Choice Voucher Program (HCVP)

CFDA Number: 14.871

Compliance Requirement: Special Tests, Housing Quality Standards - Failed Inspections

Type of Finding: Control and Compliance, Significant Deficiency

Criteria or specific requirement: 24 CFR 982.158(d) and 982.404 state that for units under HAP contract that fail to meet HQS, the PHA must require the owner to correct any life threatening HQS deficiencies within 24 hours after the inspection and all other HQS deficiencies within 30 calendar days or within a specified PHA-approved extension. If the owner does not correct the cited HQS deficiencies within the specified correction period, the PHA must stop (abate) HAP beginning no later than the first of the month following the specified correction period or must terminate the HAP contract. The owner is not responsible for a breach of HQS as a result of the family's failure to pay for utilities for which the family is responsible under the lease or for tenant damage. For family-caused defects, if the family does not correct the cited HQS deficiencies within the specified correction period, the PHA must take prompt and vigorous action to enforce the family obligations.

Condition/Context: A sample of 40 files tested for failed inspection purposes found 1 file which documented the County's Bureau of Housing did not take prompt and vigorous action to enforce family obligations for family-caused defects. The unit in question did not pass inspection until 27 days after the required corrective period.

Questioned costs: None

Cause: The County's Bureau of Housing did not follow established procedures to ensure prompt and vigorous action to enforce family obligations related to family-caused defects resulting in a failed HQS inspection.

Effect: The County's Bureau of Housing is not in compliance with HUD regulations regarding the unit that did not meet HQS.

Recommendation: We recommend the County's Bureau of Housing continue to monitor and enhance procedures in place to ensure compliance with HQS requirements.

Views of responsible officials and planned corrective actions:

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Actions planned in response to finding:

- The Inspector will review the inspection fail log weekly to determine deadline dates for failed inspections.
- The inspector will send a letter within 24 hours of the failed inspection, informing the landlord and tenant of the 21 day requirement to call and reschedule the inspection to determine that the unit receives passing inspection within 30 days of the fail items and consequences of abatement if the unit does not pass within 30 days.
- The inspector will advise the landlord, tenant if upon re-inspection the item(s) was not corrected or if the inspector was unable to re-inspect the unit.
- The inspector will inform the Housing Specialist and Program Manager, by memo if they are unable to pass the unit within the required 30 days and an extension was not granted.
- The Housing Specialist will inform the tenant and owner of any abatement of rent or will inform the Program Manager by memo of request for termination and supply all letters and documents pertaining to the inspection.
- Program Manager will review the inspection fail log monthly to review current and pending inspections to ensure the thirty day requirement is met and if not that the appropriate measures have been taken.

Responsible party: Inspector, Housing Specialist and Program Manager

Planned completion date for corrective action plan: December 1, 2015.

Plan to monitor completion of corrective action plan: The Housing Program Manager will monitor the failed inspection log on a monthly basis to determine if the units have passed within 30 days or the process of abatement or termination has begun or if an extension has been granted.

THE COUNTY COMMISSIONERS OF CARROLL COUNTY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS Year Ended June 30, 2015

No prior year findings related to federal awards.
