Highlights, Changes, and Useful Information

- Carroll County Public Schools (CCPS) are under the control of the Board of Education of Carroll County, an elected board whose powers and duties are defined under State law. While the Board of County Commissioners has a funding obligation to the school system, they do not have any operational authority over it.
- Direct funding in FY 19 is \$5.1M over Maintenance of Effort (MOE). State law mandates that County governments spend the same amount per pupil, less one-time costs, from one year to the next. Each time a County government funds more than MOE, a new higher MOE is created.
- With the exception of FY 11, the school system has been funded above Maintenance of Effort every year since FY 97.
- In addition to the direct funding, the County provides nearly \$2.0M of in-kind support. The bulk of this in-kind support comes from providing space and utilities at the Winchester Building (CCPS Administrative Offices) and the Kessler Warehouse.
- The County also provides the overwhelming majority of the funding for the school system's capital budget. In the Community Investment Plan, the County will provide \$143.4M of the total \$215.6M planned for school projects in FY 19 – 24.

Budget Changes

- In FY 16, the Board of Commissioners voted to temporarily redirect 2.0% of Local Income Tax, traditionally appropriated directly to the Capital Fund for Board of Education construction projects, to the Public Schools' operating budget. The redirected percentage of Local Income Tax decreases 0.5% in FY 19, with 8.09% earmarked for school construction.
- Beginning FY 17, due to a state-mandated change, teacher pension is part of the Carroll County Public Schools' direct funding of \$190.4M, and is now included in the Maintenance of Effort calculation.
- Debt Service decreases due to declining existing debt.

Description

School construction is funded with Local Income Tax, revenue from the State, and bonds issued by Carroll County. This budget funds the principal and interest paid on bonds issued for school facilities construction projects. Since FY 97, 9.09% of the Local Income Tax has been earmarked for school construction. In FY 16, the Board of Commissioners voted to temporarily redirect 2.0% of Local Income Tax to the Public Schools operating budget. The redirected percentage of Local Income Tax decreases 0.5% in FY 19, with 8.09% earmarked for school construction. The Local Income Tax rate was decreased from 3.04% to 3.03% effective January 1, 2015.
