Overview of Culture and Recreation CIP

The Culture and Recreation portion of the FY 18 - 23 CIP provides facilities for passive (natural park areas) and active (ballfields) recreational opportunities. The primary sources of funding for recreation projects are Impact Fees and Program Open Space (POS). Impact Fees are charged to the developers of new homes in Carroll County to partially offset the cost of providing recreation facilities to serve those new homes. POS funding is provided as a portion of the State Real Estate Transfer Tax for the acquisition and development of park facilities. Culture and Recreation projects include Recreation and Parks and the Union Mills Homestead.

Funding is provided in the FY 18 - 23 CIP for the replacement of three tot lots: Freedom Park, Cape Horn Park and Deer Park. Lighting replacements and road overlay at the Sports Complex, a roof replacement at Bear Branch Nature Center, and a pedestrian bridge replacement at Bennett Cerf Park are all projects that maintain our infrastructure and are funded primarily through the use of Program Open Space dollars.

Other funded projects include a tot lot at Bark Hill Park, multipurpose fields at Deer Park Phase II, a memorial and trail at Westminster Veterans Memorial Park, a trail in the Gillis Falls area, and a boat ramp at Double Pipe Creek Park.

Funding is provided in FY 18 for historical restoration of Union Mills Homestead buildings.

The FY 18 - 23 CIP continues to fund Self-Help projects. These projects are cooperative ventures between local community groups and the County, and enable the County's Recreation Councils to define and design projects to enhance park facilities countywide.

For additional information on Culture and Recreation projects, please refer to the individual project pages.

Town Fund

Judy Flickinger, Management and Budget Analyst (410) 386-2082

This project provides ongoing funding to the eight towns within the County for five percent of their Program Open Space (POS) projects. Every year since the early 1970s, the State has made Program Open Space funds available to the towns for development of municipal parks. Up to 90 percent of the cost of the municipal projects may be reimbursed through POS funding. The County contribution shown below is to cover five percent of the total cost of the projects to the approved municipalities. The remaining five percent, as well as any cost overruns, are the responsibility of the towns.
