A Quick Guide to the FY 20 – 25 Community Investment Plan

Department of Management and Budget

Introduction

The combined Operating and Capital Budget books are more than seven hundred pages long and contain a great deal of information. This Quick Guide is intended to serve as a summary of important information and changes, as well as a tool for understanding and locating information in the budget books.

Recommended, Proposed, and Adopted Budgets are available online at https://www.carrollcountymd.gov/government/directory/management-budget/bureau-of-budget/.

Revenues (31-35)

- Total Capital Fund revenues are budgeted at \$65.8M in FY 20, a decrease of \$30.2M from the FY 19 Capital Fund budget of \$96.0M.
- A portion of Real Property Tax revenue is appropriated directly to the Agricultural Land Preservation Program.
- Traditionally, 9.09% of Local Income Tax has been dedicated for school construction and debt service. However, the Commissioners reduced this dedicated percentage to 7.09% for FY 16 and FY 17, using the difference to fund the Public Schools' operating budget. The percentage grew to 7.59% in FY 18 and 8.09% in FY 19, with a return to 9.09% in FY 20.
- In FY 20, the largest sources of revenue are \$30.8M in Bonds and \$12.1M in Local Income Tax. Bonds are used to fund infrastructure projects. Local Income Tax pays debt service on recently completed school projects.
- Impact Fee collections fund school and park construction projects. The School Impact Fee was set at \$0 until FY 20 due to the County having met capacity needs.
- The entire \$2.5M State allocation of Highway User Revenue for FY 20 is directly appropriated to the Capital Fund for road projects.

Public Schools (69-92)

- Career and Technology Center (79) This project provides funding of \$49.5M in FY 20 FY 22, with total funding of \$60.1M, to expand and renovate the Career and Technology Center.
- High School Science Room Renovations (80) Total project provides funding of \$5.8M for the renovation of science classrooms. South Carroll and Liberty High Schools were completed in FY 19. Funding of \$3.1M in FY 20 will address Westminster High.
- HVAC replacements are included for Spring Garden (82) and Winfield Elementary Schools (83) for a total of \$15.6M. Also included in FY 21 25 is \$37.0M for HVAC projects to be identified (81).

- Relocatable Classroom Removal (85) This project provides funding of \$0.6M throughout the six years for removing relocatable classrooms from various school sites where they are no longer needed.
- A roof replacement of \$2.0M for Cranberry Station Elementary is included in FY 20 (87). Also included in FY 21 25 is \$18.0M for roof projects to be identified (88).
- Funding for window replacements at Westminster (92) and South Carroll High (91) Schools is included in FY 20 21, for a total of \$3.5M.

Conservation and Open Space (93-99)

- Agricultural Land Preservation (97) Total funding for Agricultural Land Preservation for FY 20 – 25 is \$38.9M and includes funding for easements and debt service to landowners participating in Installment Purchase Agreements (IPAs). A portion of Property Tax is dedicated to this project and to debt service on IPAs.
- Stormwater Facility Renovation (98) \$1.9M is included in FY 20 25 for a long-term plan to keep existing County-owned stormwater management facilities in compliance with the National Pollution Discharge Elimination Permit and to extend the useful life of the facilities. The plan is to evaluate and repair 5 to 10 facilities per year over a 30-year period.
- Watershed Assessment and Improvements National Pollutant Discharge Elimination System (NPDES) (99) \$21.2M is included in FY 20 25 to implement watershed improvement projects to work toward mitigating an additional 20% of impervious surface areas within the County. In FY 15, the municipalities and the County agreed to a combined NPDES permit with the County paying 80% of the cost to mitigate municipal impervious surfaces.

Public Works (101-126)

Roads

- Market Street Extended (109) Additional funding of \$0.5M is included in FY 20, for total funding of \$2.5M, to extend Market Street between MD 140 and Old Westminster Pike.
- Approximately \$87.5M is included in the FY 20 25 CIP to maintain roads throughout the County through Pavement Management (110) and Pavement Preservation (111).
- Ramp and Sidewalk Upgrades (112) Funding of \$0.5M is planned in FY 20-25 for improvements to upgrade or replace non-compliant sidewalks.
- State Road Projects (114) Funding of \$0.3M is included in FY 20 22 to support projects for State roads in Carroll County.
- Funding of \$2.5M is included for video inspection (116) and rehabilitation of storm drains (115) in FY 20 25.

Bridges

 McKinstrys Mill Road over Little Pipe Creek (126) – Funding of \$0.3M is planned in FY 24 for design. Additional funding will be included outside the plan for replacement of the bridge structure. • Funding of \$3.0M is included for the replacement or rehabilitation of three bridges in FY 20-25.

Recreation and Culture (127-150)

- Funding of \$0.5M is included for replacement of a pavilion (131) and the roof (132) at Bear Branch Nature Center.
- Deer Park Lighting Replacement (134) Funding of \$0.3M is included in FY 25 for field lighting replacements at Deer Park.
- Gillis Falls Trail (136) Funding of \$0.5M is planned in FY 21 to establish a trail connecting Salt Box Park to the Equestrian Center.
- Hashawha and Bear Branch Paving (137) Funding of \$0.5M is planned in FY 22 for repairs and overlay at the Bear Branch Nature Center and Hashawha Environmental Center.
- Krimgold Park Phase II (138) This project provides planned funding of \$0.4M in FY 21 for construction of a parking lot and trail.
- Land Acquisition (139) Funding of \$2.5M is included in FY 20 25 for land acquisition.
- Leister Park Phase II (140) Funding of \$0.2M is planned in FY 22 to establish a walking trail to connect with the existing trail.
- Northwest Trail (141) Funding of \$1.1M is planned in FY 25 to establish a trail from Taneytown to the Pennsylvania line.
- Funding of \$0.4M is planned for paving of an existing stone road and parking lots (144), and a pavilion replacement (145) at Piney Run Park.
- Sports Complex Lighting (147) Funding of \$1.5M is included in FY 20 22 for lighting upgrades and additions.
- Union Mills Flume, Shaft, and Waterwheel Replacement (150) Additional funding of \$0.6M is included in FY 23 24, for total funding of \$0.9M, for waterwheel, shaft, and flume replacements.

General Government (151-173)

- Carroll Community College Systemic Renovations (155) This project provides additional funding of \$0.4M in FY 20, for total funding of \$5.9M, for upgrades to the fire alarm system, restoration of the building exterior, and HVAC and roof replacements.
- Carroll Community College Technology (156) Additional funding of \$1.1M is included in FY 20 22, for total funding of \$1.8M, for replacement of laboratory computers and classroom technology.
- Charles Carroll Gymnasium and Community Center (157) This project provides additional funding of \$0.4M in FY 21, for a total of \$3.9M, for a community center on the site of the former Charles Carroll Elementary School. FY 21 funding provides additional square feet to accommodate bleachers.
- County Building Access System Replacements/Additions (158) The project provides additional funding of \$0.3M in FY 20, for total funding of \$0.8M, to replace and/or install building access systems at multiple County facilities.

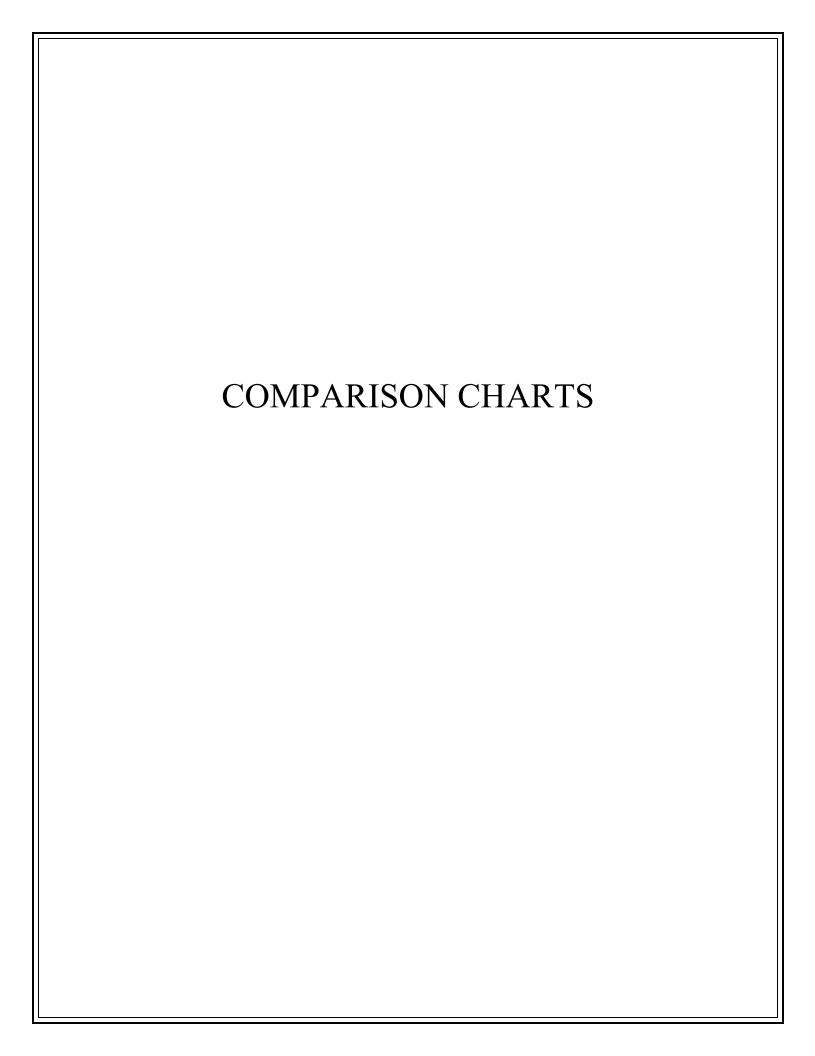

- Elections Pollbooks and Printers (162) This project provides funding of \$0.5M in FY 20 for replacement Board of Elections' equipment.
- Facilities Asset Management and Work Order System (163) This project provides funding of \$0.2M for an asset management system.
- Farm Museum Tot Lot (164) This project provides \$0.2M of Hotel Rental Tax funding for a tot lot at the Farm Museum.
- Public Safety Emergency Communications Equipment (169) Ongoing funding of \$0.8M is included, beginning in FY 20, for replacement of mobile and portable radios used by Public Safety and other governmental agencies.
- Public Safety Training Center (171) This project provides funding of \$3.0M in FY 20 22, for total funding of \$7.3M, to complete additional phases to the Training Center. Included are parking lots, a multi-story burn building, training props, and an outdoor classroom.
- Sheriff's Office Eldersburg Precinct (172) Funding of \$5.0M is included in FY 23 24 for construction of a precinct in Eldersburg.
- Westminster Library Basement Improvements (173) Additional funding of \$1.3M is included in FY 20, for total funding of \$4.0M, to renovate the Westminster Library basement into a makerspace.

Fiber Network Enterprise Fund (187-190)

 CCPN Equipment Replacement (190) – This project provides planned funding of \$1.0M in FY 23 for the replacement of equipment for the Carroll County Public Network.

Utilities Enterprise Fund (191-221)

- County Water Line Rehabilitation/Replacement (195) Funding of \$4.9M is included in FY 20 25 for the rehabilitation, repair, and replacement of aging water lines in the Freedom, Bark Hill, and Pleasant Valley Service Areas.
- Freedom Wells and Connections (198) Funding of \$1.7M is included in FY 20 –
 25, for total funding of \$2.7M, to reduce the County's reliance on water purchases from the City of Baltimore.
- Funding of \$1.1M is included in FY 20 25 for rehabilitation of Board of Education Facilities served by Utilities including Runnymede Elementary (205), South Carroll High (210), and Winfield Elementary (221).
- Included in FY 20 25 is \$6.8M for pump station rehabilitations at North (202), Patapsco Valley (203), Shiloh (209), and Sykesville (212).
- Included in FY 20 25 is \$4.7M, for total funding of \$6.0M, for Town of Sykesville water and sewer line replacements (214).

Capital Fund Revenues

This chart shows the capital budget by revenue source for FY 11 - 20.

From Operating includes current and prior year revenues from local sources transferred to the Capital Fund, including transfers from the General Fund and reallocated General Fund transfers.

State and Federal includes funds from sources such as Federal Aid for Bridges, State School Construction Program, Program Open Space, Highway User Revenue, State Agricultural Preservation (MALPF), and State Highway Administration.

Bonds includes new and reallocated general obligation bonds.

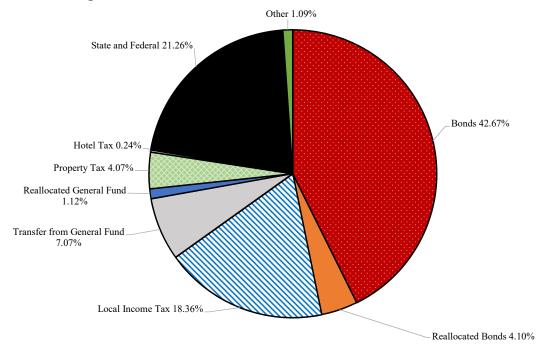

Direct Capital Revenues includes funds earmarked by the Commissioners for use in the Capital Fund. These revenues are appropriated directly to the Capital Fund rather than being transferred from the General Fund. 9.09% of Local Income Tax collected is appropriated for school construction. A portion of Real Property Tax is dedicated to agricultural preservation. Hotel Tax, a special revenue, is appropriated to specific tourism projects.

Other includes revenues such as grants, developer contributions, private, municipal, and community contributions.

Capital Fund Appropriations

This chart shows appropriations to the five principal groupings in the Capital Fund for FY 11 - 20.

Public Schools includes school construction, renovation, and modernization projects.

Conservation includes agricultural preservation and easement programs, NPDES compliance projects, water development, and acquisition of property for other County uses, which may include future roadway easements and public facilities.

Public Works includes projects for the maintenance and construction of roads and bridges.

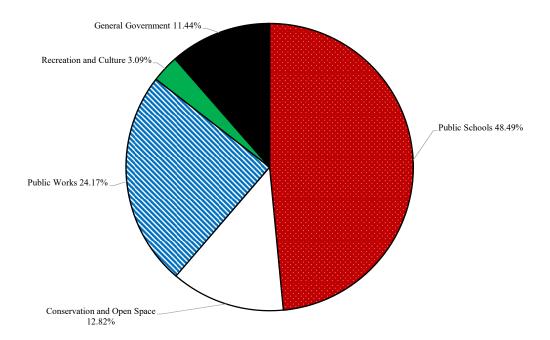

Recreation and Culture includes the purchase of land, development and restoration of parks, and preservation of Union Mills Homestead.

General Government includes projects for Public Safety, Carroll Community College, Carroll County Public Library, State's Attorney's Office, Technology Services, Senior Centers, Farm Museum, Board of Elections, and other County facilities.

Capital Fund Appropriations

Explanation of Active Capital Projects

The FY 20 – 25 Community Investment Plan (CIP) includes capital projects with FY 20 appropriations and projects that have planned appropriations in FY 21 – 25. If a project included in this CIP had an appropriation in a previous fiscal year, the dollar amount of that appropriation is included in the column labeled Prior Appropriation. The following summary is intended to provide additional information on active capital projects that are not included in the current CIP and have existing appropriations prior to FY 20. Several projects listed on the summary are ongoing projects and receive additional appropriations annually.

Explanation of the Summary

Project

The project number is a number assigned to the capital project to identify it in the financial system.

Project Name

The project name is a short text identification of the project. Additional information is available in prior budget books from the fiscal year of the project's initial year of appropriation.

Initial Year of Appropriation

The initial year of appropriation is the first fiscal year that a capital project received funding. Some projects may have received funding in more than one year. However, only the first fiscal year of funding is shown.

Current Budget

This is the total existing funding appropriation to a capital project. If the project received appropriations in more than one year, it is the total of those appropriations.

Expenditures to Date

Expenditures to date are the total amount spent on a capital project so far. The date of the expenditures is listed on the report.

Current Encumbrance

When the County enters into a contract or makes other commitments to purchase goods or services the committed amount is encumbered, indicating it isn't available for other expenditures. Current encumbrance is the total amount the County has committed to spend on a capital project beyond expenditures spent to date.

Current Balance

Current balance is the amount of the budget that has not been spent or committed. It is calculated by subtracting expenditures to date and current encumbrances from the current budget.

As of 5/31. Project #	(19) Project Name	Initial Year of Approp	Current Budget	Expend To Date	Current Encumb	Current Balance

FY 19 New Projects Mid-Year

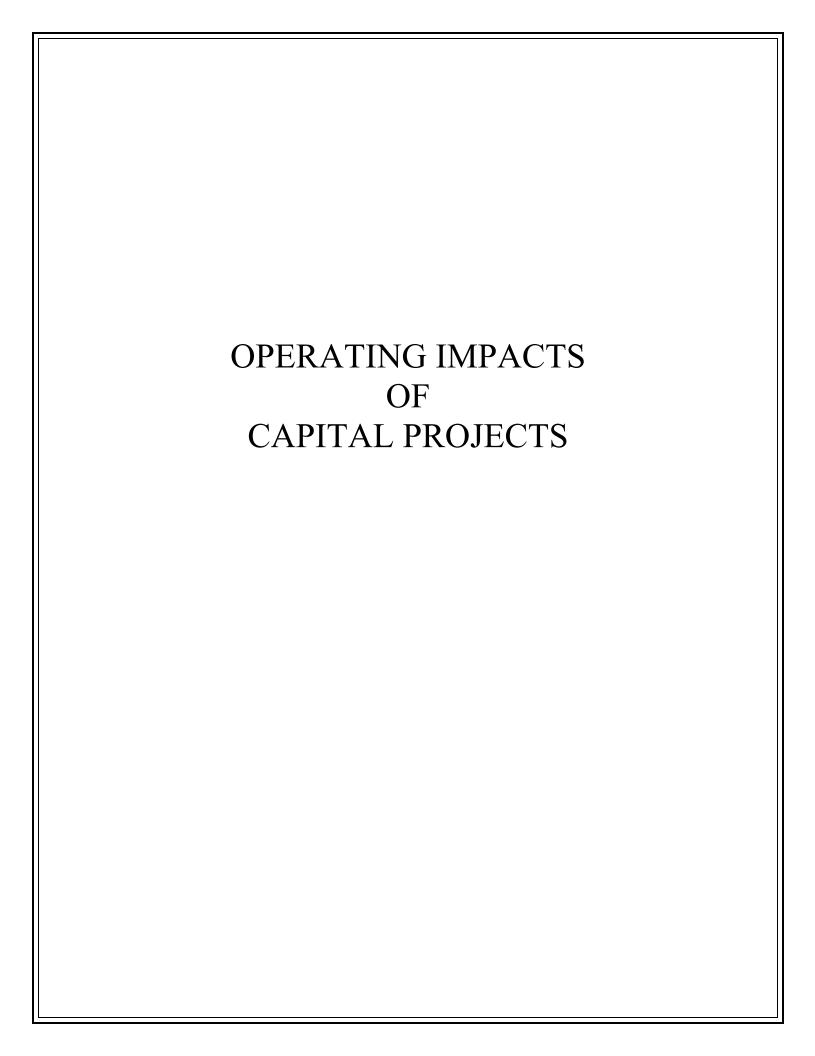

The following is a list of all the new projects created during FY 19. In some cases, issues and outside events arise and a project cannot wait for the capital budget funding cycle, leading to the creation of a capital project between July 1 and June 30. In other cases, funding is appropriated into an existing capital project with an unspecified scope, such as with the Community Self-Help Project (SH) (9735). A Board of Commissioners approved transfer then occurs to move the existing funding to the various individual self-help projects during the fiscal year.

Proj #	Project Name	\$ Budget
6605	Broadband Feasibility Study	60,000.00
8788	Charles Carroll Infield Mix, Lime, Turf (SH)	4,000.00
8789	Charles Carroll Portable Pitchers Mound (SH)	2,500.00
8790	Charles Carroll Batting Cage (SH)	5,000.00
8791	North Carroll Field Hockey Goals (SH)	3,074.00
8798	Winfield Park Fine Grading, Topsoil and Seeding (SH)	25,000.00
8799	Mayeski Park Replacement Dugout Concrete Pads (SH)	5,580.00
8800	Salt Box Park Infield Mix (SH)	3,300.00
8804	MD 32 Widening	136,250.00
8805	Infield Mix at HES, NCHS, Hampstead Municipal Field (SH)	6,751.65
8806	Taneytown HS Park Infield Mix (SH)	5,600.00
8807	Jaycees Park, Girls Softball Infield Mix (SH)	6,000.00
8808	Wrestling Mat for Winfield Warriors Wrestling (SH)	12,365.00

FY 19 Project Closures

This is a record of all capital projects closed during FY 19 and projects closed as part of the FY 20 budget process. All projects have been completed. If there were unspent funds, the balance was transferred into another capital project or to an unallocated account to hold for a future transfer.

Project Number	Project Name	Total Spent
6423	North Carroll Farms Pump Station	248,742.99
6539	Alternate Waste Drop-off Area	0.00
8121	Leister Park	1,928,797.07

8735	CAD Records Management System	906,287.05
8737	North Carroll High School BOE	0.00
8740	Harrisville/Gillis Traffic Light	328,759.80
8741	Central Carroll - Roaring Run Park Infield Improvements	13,554.00
8742	Central Carroll - Deer Park Soccer Goals	3,607.99
8743	Freedom - EES Basketball Backboards	13,660.00
8744	Christmas Tree Park Mobile Light	0.00
8746	Taneytown Athletic Association - Infield Mix for Taneytown HS Park	5,656.94
8747	Taneytown Memorial Park Dugout Materials	10,968.16
8748	Westminster - Jaycee Softball Infield Mix	3,940.88
8756	Central Carroll - Deer Park Scoreboard	8,174.00
8757	Freedom - Carrolltowne ES playground	5,709.00
8759	Winfield - Krimgold Sheds	5,224.20

Operating Impacts of Capital Projects

The Capital Fund budget is used to account for financial resources related to the acquisition or construction of major capital facilities by the County (other than those financed by proprietary funds). A capital project is generally non-recurring in nature and may include the purchase of land, site development, engineering and design fees, construction, and equipment. Capital projects produce assets with useful lives longer than one year.

Capital projects can have a major impact on both the cost of operations and the operations themselves. Operating costs associated with implementation of projects are a fundamental part of the Capital Fund budget, and of the overall budget development process. Operating impacts of capital projects are determined as a project develops and included in the Six-Year Operating Plan.

In recent years, due to fiscal constraints, the County has focused the Capital Budget on maintaining existing infrastructure, such as roads and building maintenance projects. Typically, these types of recurring capital projects have minimal impact on the Operating Plan. An exception is County Technology. This project provides ongoing funding for systematic replacement of County information and communication systems, and operating impacts include maintenance costs and software support for the replacement purchases.

Projects may produce ongoing operational savings, such as new lighting at the Sports Complex which will reduce electricity costs. New construction or major improvements, however, do generally require additional operating expenditures such as electricity, building insurance, or general maintenance.

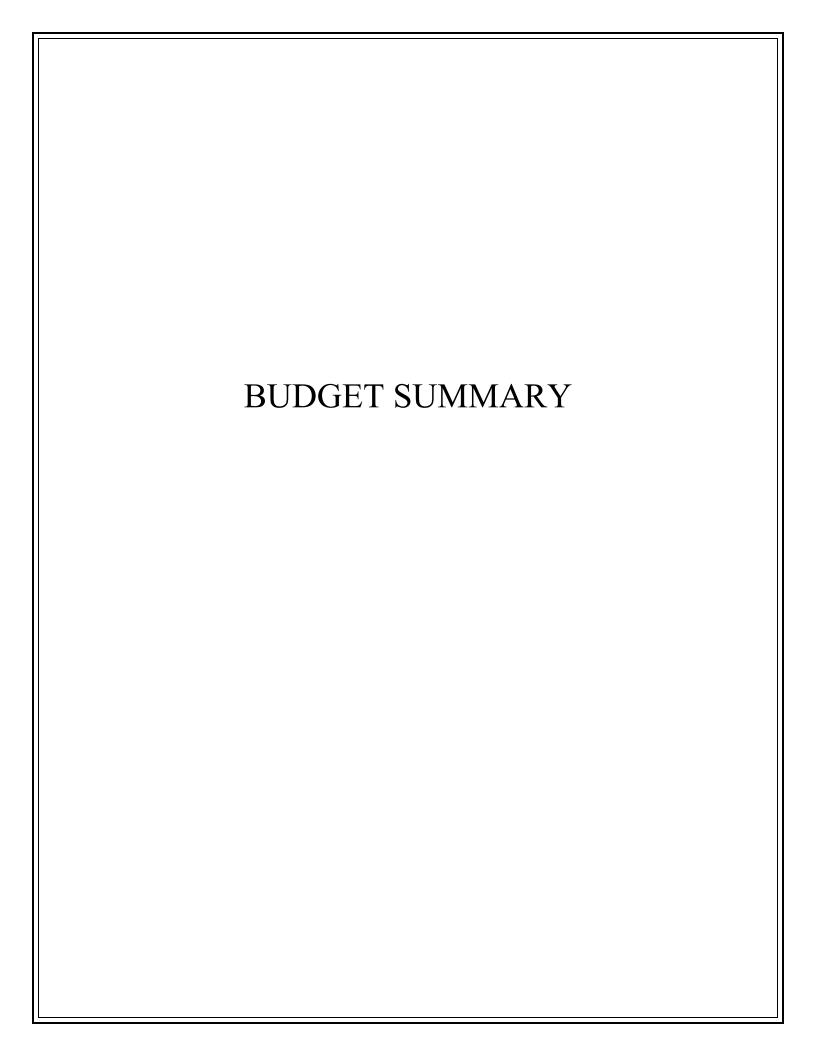

On the following page are estimated impacts of operating costs for several highlighted capital projects and represent an addition to, or reduction of, operating costs.

Overview of Public Schools CIP

The Public Schools Community Investment Plan (CIP) includes school construction, such as additions and modernizations, as well as other school-related projects. School construction is funded primarily by dedicated Local Income Tax revenue, State funding, and Impact Fees.

The Commissioners voted to keep the School Impact Fee at zero until FY 20. Impact Fees for schools can be used only to build new schools or additions to existing schools to increase capacity.

Developing the school construction plan is a complex process involving the Board of Education's plans, priorities and requests, enrollment projections, redistricting plans, and projected development. Historically, the County has provided funding for three-quarters or more of the school CIP. In the current six-year plan, the County is providing 70% of funding.

The Commissioners continue to provide funding in FY 20 - 22 to address the Carroll County Career and Technology Center through a two-phased project. The first phase includes planning and construction of a 21,000 square foot addition to the existing Career and Technology Center. The second phase renovates the existing building to better accommodate existing programs.

Additional funding is included in FY 20 to renovate science classrooms in Westminster High.

Even with the \$214.7M included in the plan, all project requests could not be funded. In recent years, the Board of Education has identified a number of needs that have no existing or planned funding. Unfunded projects include:

- Westminster High Modernization
- Cranberry Station Elementary Kindergarten Addition
- Friendship Valley Elementary Kindergarten and PRIDE Addition
- Sandymount Elementary Kindergarten Addition
- Taneytown Elementary Kindergarten Addition

Funding for systemic renovations of East Middle and a K-8 school are not included in the FY 20 – 25 CIP, but alternatives are under consideration.

Following this overview are copies of the Board of Education's Ten Year Facilities Master Plan Calendar and the FY 20 State Capital Improvement Plan Budget Request/FY 2021 – 2025 Capital Improvement Program Plan. For additional information on Public School projects, please refer to the individual project pages.

SINOIL A PLING GOVE	MODERNIZATIONS	Career & Technology Center Modernization This project involves a phased approach to the partial modernization of the Career & Technology Center. Phase One would include the planning	and construction of a 21,000 square foot addition to the existing Carroll County Career & Technology Center. Phase Two would renovate the existing building to bring the entire building into conformance with current building and life safety codes.	Undetermined Capital Project for East Middle and William Winchester Elementary This undetermined project will address the need to modernize both East Middle and William Winchester Elementary.	Westminster High This project involves the modernization of the existing Westminster High building of 337,000 square feet.

Taylor Hockensmith, Management and Budget Analyst (410) 386-2082

8619

This project provides funding to address space needs and an aging facility at the Career and Technology Center, located in Westminster. The prior allocation is for planning and construction in FY 19 - 20 of a 21,000 square foot addition to the existing Career and Technology Center to provide classrooms to address the waitlist for several programs. The second phase in FY 20 - 22 renovates the existing building to better accommodate existing programs.

Project is contingent on State funding.

Operating impacts will be determined as the project develops.

HVAC Improvements and Replacements

Taylor Hockensmith, Management and Budget Analyst (410) 386-2082

9974

This project provides planned ongoing funding for the replacement of aging heating, ventilation, and air conditioning (HVAC) systems in schools. Funding is also included for scope studies performed one year prior to construction. Projects starting in the near term are budgeted as separate projects. Future HVAC improvements or replacements in the Board of Education's Facility Master Plan not yet identified as specific projects include:

Oklahoma Road Middle Northwest Middle Carroll Springs Elementary Carrolltowne Elementary Mount Airy Elementary

Relocatable Classroom Removal

Taylor Hockensmith, Management and Budget Analyst (410) 386-2082

9745

This project provides ongoing funding for the removal of relocatable classrooms from various school sites where they are no longer needed. An evaluation of the condition and utilization of the existing relocatable classroom inventory was performed to identify units for potential removal. The Board of Education currently has an inventory of 28 relocatable classroom buildings.

Projected operating impacts include a reduction in maintenance and utilities.

Transfer to Operating Budget for BOE Debt Service

Taylor Hockensmith, Management and Budget Analyst (410) 386-2082

9001

A percentage of the Local Income Tax revenue is dedicated to school construction and appropriated directly into the Capital Fund. This project is for the portion of these dedicated funds transferred to the General Fund to pay debt service related to school construction projects. Because dedicated Local Income Tax is budgeted in the Capital Fund and then transferred to the General Fund, the funding is counted twice in the All Funds Budget.

Window Replacement - South Carroll High

Commissioner District: 5

Taylor Hockensmith, Management and Budget Analyst (410) 386-2082

This project provides funding for replacement of the window wall system installed during the original construction of South Carroll High.

Project is contingent on State funding.

Overview of Conservation and Open Space CIP

The FY 20-25 Conservation and Open Space CIP includes funding for land preservation and water resources. Approximately \$38.9M is planned for the Agricultural Preservation Program in both the Capital and Operating budgets, and is funded with a combination of dedicated Property Tax, bonds, Agricultural Transfer Tax, and State participation. Property Tax funding is included to allow for the acquisition of easements through Installment Purchase Agreements and for the payment of interest to landowners.

The FY 20 – 25 CIP continues funding to maintain the County's permit associated with the Federal National Pollutant Discharge Elimination System (NPDES) program. The 2005 – 2010 permit required a total of 10 percent of the County's impervious surface be remediated. The County and the eight municipalities have entered into a memorandum of agreement combining the municipalities and County into one permit. The joint permit, issued for 2015 – 2020, requires an additional 20 percent remediation of impervious surface, and is linked to the Watershed Implementation Plan of the Chesapeake Bay Total Maximum Daily Load (TMDL). The Chesapeake Bay TMDL sets limits on allowable pollutants in bodies of water. The requirements for the Chesapeake Bay TMDLs are currently unknown and may require additional funding above and beyond planned levels.

To remain compliant with the NPDES permit, the Stormwater Facility Restoration project was established to keep stormwater management facilities working properly.

For additional information on these or other Conservation and Open Space projects, please refer to the individual project pages.

9007

This project provides ongoing funding for the Carroll County Agricultural Land Preservation program. The program provides an opportunity for landowners to make a long-term commitment to agriculture by offering financial incentives in exchange for property development rights. Preserving farmland with permanent easements helps to maintain agriculture as a viable industry and preserve the rural character of Carroll County.

The County offers two payment options to the landowners: Installment Purchase Agreement (IPA) or Lump Sum. The IPA option pays the landowner for the easement over a 20-year period. The lump sum option pays for the easement at the time of settlement. The Maryland Agricultural Land Preservation Foundation (MALPF), a lump-sum payment program, is jointly funded by the State of Maryland and Carroll County.

2.25% of the Property Tax revenue was dedicated to the Agricultural Land Preservation program, and appropriated in the Capital Fund for easement purchases, and in the General Fund for interest payments to landowners in the Debt Service - Agricultural Preservation budget. The Capital Fund portion was reduced by \$0.5M in FY 20, \$0.5M in FY 21, and \$0.25M in FY 22, and capped at \$3.0M ongoing beginning in FY 23.

The appropriations are listed in the charts below. The Total Appropriation - IPA and Lump Sum are for easement purchases; the Projected Operating Impacts are interest payments appropriated to the General Fund; and the Total Appropriation - Ag Pres at the bottom of this page includes costs for both the Lump Sum and IPA options.

Stormwater Facility Renovation

Lynn Karr, Senior Management and Budget Analyst (410) 386-2082

8820

This project provides ongoing funding to keep existing County-owned stormwater management facilities in working condition and in compliance with the National Pollution Discharge Elimination System (NPDES) Permit. The plan is to evaluate and repair five to seven facilities per year over a 30-year period. Funding will be used for repairs and to replace pipes and filter media.

Watershed Assessment and Improvement (NPDES)

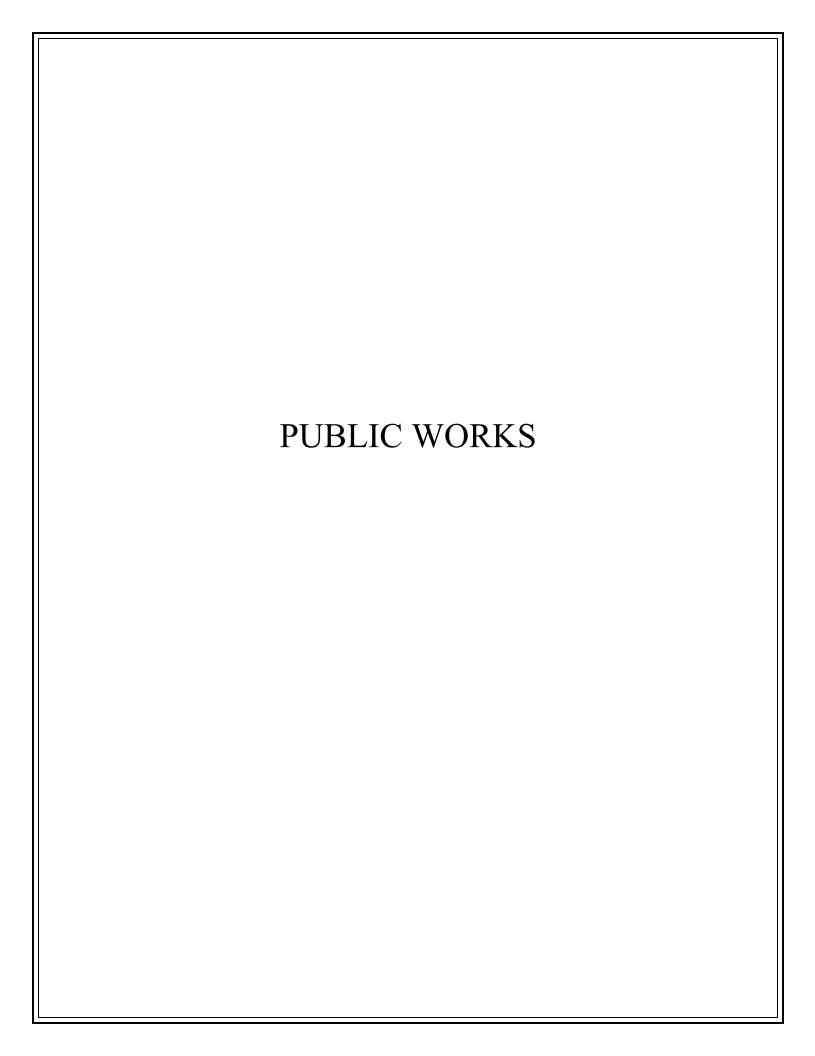

Lynn Karr, Senior Management and Budget Analyst (410) 386-2082

9920

This project provides ongoing funding to comply with the Federal Clean Water Act. The Act requires the County to secure a permit under the National Pollutant Discharge Elimination System (NPDES) for storm sewer systems. The permit requires the County to map and assess the condition of the storm sewer systems and of the watersheds that discharge into them. The County and the eight municipalities have entered into a memorandum of agreement (MOA) to obtain a joint five-year NPDES permit to address stormwater issues. Under the joint permit issues in FY 16, the County and municipalities are required to mitigate impervous surface runoff. As part of the MOA, the County manages the construction of the mitigation projects on behalf of the municipalities. The municipalities provide funding to the County equivalent to 20% of the construction cost of municipal impervious acres.

The current permit will expire in FY 20. Estimates of Town contributions have been included in anticipation that the Towns and County will again participate in a joint permit. The estimate is based on the assumptions as the MOA signed by the Towns and County for the current permit.

PROJECTED OPERATING									

Overview of Public Works CIP

The Public Works CIP includes two sections: Roads and Bridges.

Approximately \$87.5M is included in the FY 20-25 CIP to maintain and rehabilitate 900 miles of roads throughout the County. Approximately thirty-five percent of the County's road network is considered mainline or arterial roads. These roads carry a higher traffic volume. Sixty-five percent are lower volume roadways, including neighborhood roads. Typical repair strategies include sealing, mill and overlay, full-depth reclamation, and reconstruction.

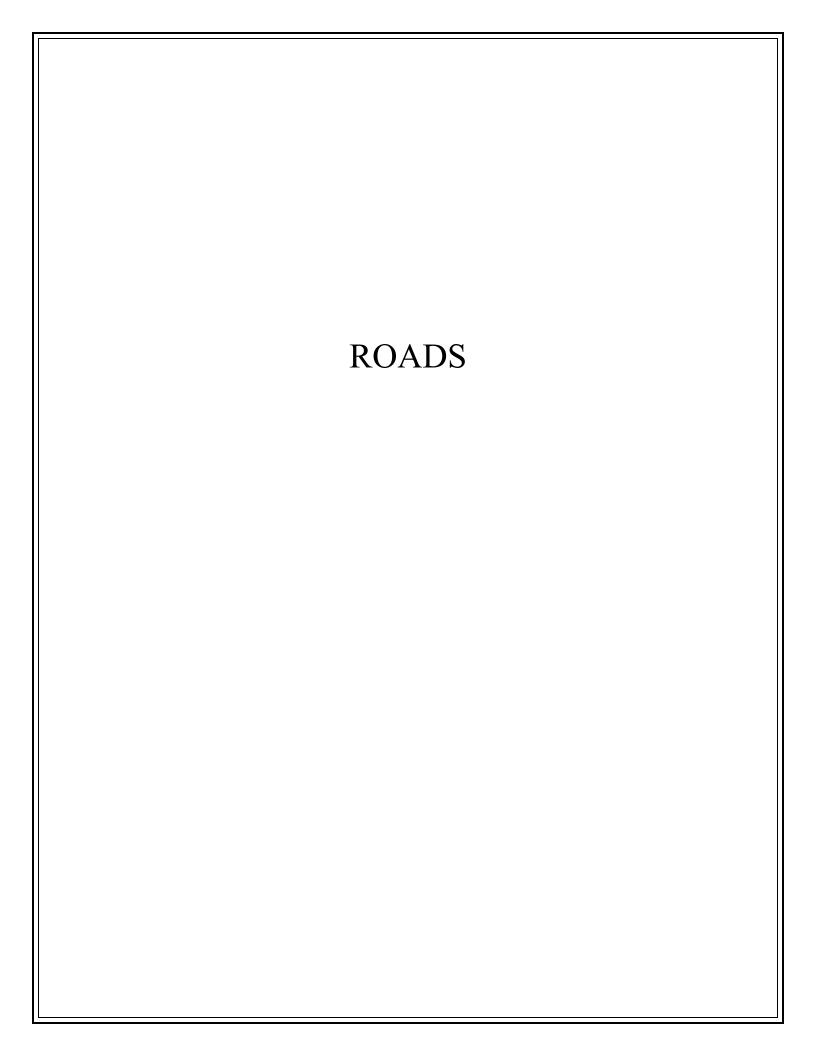

Included is \$0.3M to support State road projects. Contributing to State projects may expedite the planning process for State roads in Carroll County.

Market Street Extended, a new road construction project, will create a more direct connection to MD 140 from Old Westminster Pike.

Ongoing funding is included for inspection of storm drains. Video inspections will assess the condition of the storm drain system, and rehabilitation funding is included for pipe lining and replacement of storm drains and small drainage structures.

Funding is included for the replacement or rehabilitation of four bridge structures.

For additional information on these or other Public Works projects, please refer to the individual project pages.

Functional Classification: Collector Average Daily Traffic: TBD Length: Approximately 1,400 feet Limits: MD 140 to Old Westminster Pike

This project provides funding for the construction of a more direct connection to MD 140 from Old Westminster Pike. This connector will reduce traffic on Old Baltimore Road and the local streets that extend from Old Westminster Pike to Old Baltimore Road, and will provide redundancy in the road network. The connection to MD 140 will be located at the existing traffic signal at Market Street and Old Baltimore Road.

Additional funding is included in FY 20 to address drainage issues.

This project provides ongoing funding for the maintenance, repair, or rehabilitation of the County's 900 miles of paved roads. A pavement management software program is used to collect road condition information and to recommend the most cost-effective repair. Repair strategies include: patching, overlay, mill and overlay, full depth reclamation, and reconstruction. Drainage structures and traffic barriers will be inspected, repaired, replaced, or added where necessary, and sidewalk accessibility will also be evaluated and included if upgrades are due.

Maintaining a road network in satisfactory condition is one of the Department's goals. While addressing roads that are near failure is important, maintaining roads in fair and satisfactory condition is important as well. It is cost effective to address roads while the amount of repair work is minimal and this balanced approach keeps the network in satisfactory condition.

During the FY 20 budget process, funding over FY 21 - 23 was reduced by \$4.7M.

Pavement Preservation

Heidi K. Pepin, Management and Budget Project Coordinator (410) 386-2082

This project provides ongoing funding to place a maintenance seal coat, such as microsurface, on paved roads. Pavement preservation is applied to roads still in good condition, before the onset of serious damage. Annual funding addresses approximately 30 - 40 miles.

Project list will be generated in the spring in preparation for the summer construction season.

Small Drainage Structures

Heidi K. Pepin, Management and Budget Project Coordinator (410) 386-2082

This project provides ongoing funding to rehabilitate or replace deteriorated drainage structures including culvert headwalls and ancillary drainage features.

The Department of Public Works continues to incorporate all pipe culverts and drainage structures into the Geographic Information Systems (GIS). Once the locations are identified and mapped, field condition assessments can be made to help determine the most cost-effective approach to replacing and repairing these structures.

Bridge Inspection and Inventory

Heidi K. Pepin, Management and Budget Project Coordinator (410) 386-2082

9684

This project provides ongoing funding for the inspection of 21 minor structures that do not qualify for Federal funds. Small structures are inspected on the same biennial inspection cycle as the 133 major County-maintained structures and 4 bridges are inspected annually. Project includes field inspections of all 21 structures, as well as completion and submission of inspection reports to the County. The inspection reports are used to evaluate repairs and structure replacements.

Bridge Maintenance and Structural Repair

Heidi K. Pepin, Management and Budget Project Coordinator (410) 386-2082

9882

This project provides ongoing funding for preventative maintenance and small repairs to County-maintained bridges, including: deck joint replacements, structural steel repairs, concrete patching, sediment removal, stream channel stabilization, traffic barrier replacement, and approach roadway repairs. Several projects have been identified for the work types and are listed below.

Listed below are potential sites for a replacement bridge seal project:

CL 208 Baptist over Alloway Creek
CL 214 Bowers over Alloway Creek
CL 234 Hapes Mill over Big Pipe Creek
CL 234 Hapes Mill over Big Pipe Creek
CL 266 Flickinger over Big Pipe Creek
CL 271 Arters Mill over Big Pipe Creek
CL 211 Morgan over S. Branch Patapsco River
CL 266 Flickinger over Big Pipe Creek

CL 272 Halter over Big Pipe Creek CL 310 Woodbine over S. Branch Patapsco River

Listed below are potential sites for a concrete patching project:

CL 217 Stone over Silver Run
CL 310 Woodbine over S. Branch Patapsco River
CL 311 Morgan over S. Branch Patapsco River
CL 352 Patapsco over W. Branch Patapsco River
CL 373 Coon Club over E. Branch Patapsco River

Cleaning and Painting of Bridge Structural Steel

Heidi K. Pepin, Management and Budget Project Coordinator (410) 386-2082

0686

This project provides ongoing funding for cleaning and painting of bridge structural steel. Cleaning and painting slows deterioration and extends the useful life of steel structures. Funding is accumulated over several years to allow for completion of a larger project.

Listed below are potential sites for the next project:

- CL 207 Baptist Road over Alloway Creek
- CL 208 Baptist Road over Alloway Creek
- CL 211 Bowers Road over Alloway Creek
- CL 262 Mayberry Road over Bear Branch
- CL 272 Halter Road over Big Pipe Creek
- CL 364 Adams Mill Road over Little Pipe Creek
- CL 402 York Road No. 1 over S. Branch Gunpowder Falls

This project qualifies for Federal aid, which covers 80 percent of the engineering, inspection, and construction costs.

Commissioner District: 4

Heidi K. Pepin, Management and Budget Project Coordinator (410) 386-2082

Proj#

Functional Classification: Rural Local

Average Daily Traffic: 253 Bridge Number: CL 242

This project provides planned funding to replace the small bridge, located in western Carroll County near the Town of New Windsor. The existing structure is concrete encased steel beams on stone masonry abutments. The type of replacement structure will be determined based on an alternatives analysis. The structure width and waterway opening will be evaluated as part of the analysis.

This project does not qualify for Federal aid.

RECREATION AND CULTURE	

Overview of Recreation and Culture CIP

The Recreation and Parks portion of FY 20 – 25 provides facilities for passive (natural park areas) and active (ballfields) recreational opportunities. The primary sources of funding for recreation projects are Impact Fees and Program Open Space (POS). Impact Fees are charged to developers of new homes in Carroll County to partially offset the cost of providing recreation facilities to serve those new homes. POS funding is provided as a portion of the State Real Estate Transfer Tax for the acquisition and development of park facilities. Projects include Recreation and Parks, and the Union Mills Homestead.

Funding is provided in FY 20-25 for the replacement of: three tot lots; roof replacement at Bear Branch Nature Center; paving at Hashawha, Piney Run, Old Liberty Road, and Krimgold Parks; and pavilion replacements at Piney Run Park and Bear Branch Nature Center. These projects maintain County infrastructure and are funded primarily through the use of Program Open Space dollars.

Included in FY 20 - 23 are lighting replacements, installation of new lighting on three fields, and a roof replacement at Carroll County Sports Complex.

Other projects include a boat ramp at Double Pipe Creek Park, trails at Krimgold Park, Leister Park and the Northwest Trail, and historical restoration of Union Mills Homestead waterwheel and flume.

25% of annual Program Open Space funding is required by the State to be used for Land Acquisition.

The FY 20 - 25 CIP continues to fund Self-Help projects. These projects are cooperative ventures between local community groups and the County, and enable the County's Recreation Councils to identify projects to enhance park facilities countywide.

For additional information on Recreation and Culture projects, please refer to the individual project pages.

This project provides ongoing funding for the Self-Help program in an effort to create community interest and involvement in recreational facilities throughout Carroll County. It has enabled communities to identify recreational projects, and requires approval by the Recreation and Parks Advisory Board and Board of County Commissioners. Individual projects may not exceed \$20,000 and can receive up to 75% funding from Community Self-Help, up to 85% if it includes volunteer labor. The remaining cost of the project is provided by the community.

This project provides ongoing funding for the required 25% Program Open Space allocation for land acquisition projects. Projects must be consistent with the goals of the local Land Preservation Parks and Recreation Plan (LPPRP) and Program Open Space Annual Program. Funding is included in this project for future acquisitions and has not been allocated to specific projects.

Sports Complex Lighting

Judy Flickinger, Senior Management and Budget Analyst (410) 386-2082

9916

Commissioner Districts: 1 and 3

This project provides funding to upgrade the existing lights and add lighting fixtures to the fields at the Carroll County Sports Complex, located on Route 97, north of Westminster. Project includes replacement lights on ballfields #1, #2, and #3, new lights on multi-purpose field #1, and new lights on ballfields #4 and #5.

Project is contingent on State funding.

Operating impacts include reduced electricity consumption with lighting fixture replacements, offset by increased electricity usage from the installation of new lighting fixtures.

This project provides ongoing funding to the eight towns within the County for five percent of their Program Open Space (POS) projects. Every year since the early 1970s, the State has made POS funds available to the towns for development of municipal parks. Up to 90 percent of the cost of the municipal projects may be reimbursed through POS funding. The County contribution shown below is to cover five percent of the approved municipal projects. The remaining five percent, as well as any cost overruns, are the responsibility of the towns.

GENERAL GOVERNMENT

Overview of General Government CIP

The General Government portion of the Community Investment Plan (CIP) addresses capital projects that do not specifically fit in one of the other five categories: Recreation and Culture, Public Works, Board of Education, Conservation and Open Space, and Enterprise Funds. General Government projects are typically related to Public Safety 911, Carroll Community College, Carroll County Public Library, Sheriff's Office, State's Attorney's Office, Technology Services, Senior Centers, Board of Elections, and other County agencies and facilities.

Included in FY 20-25 is ongoing funding for technology improvements for County Government and Carroll County Public Library. Technology funding is included in FY 20-22 for Carroll Community College.

Systemic replacements and renovations for County facilities, including generators, roofs, HVAC systems, and parking lots, are included in FY 20 - 25. In FY 20, funding is included for systemic renovations at Carroll Community College, including fire alarm upgrades, boiler and chiller replacements, building envelope restoration, and a replacement roof.

Additional phases to the Public Safety Training Center in FY 20 - 22 include parking lots, a multi-story burn building, an outdoor classroom, and training props. Ongoing funding is provided for Public Safety emergency communication radios, as well as for regional water supply infrastructure to support firefighting operations.

Funding is included in FY 20 for replacement equipment for the Board of Elections.

Hotel Rental Tax funding is included in FY 20 for a tot lot at the Farm Museum.

Additional funding for the Charles Carroll Gymnasium and Community Center is added in FY 21 to increase the size of the planned building to accommodate bleachers.

Construction of an Eldersburg precinct for the Sheriff's Office is included in FY 23 – 24.

For additional information on General Government projects, please refer to the individual project pages.

Charles Carroll Gymnasium and Community Center

Commissioner District: 1

Taylor Hockensmith, Management and Budget Analyst (410) 386-2082

8727

This project provides planned funding for construction of a 13,680 square foot building to include a gymnasium and community center on the site formerly known as Charles Carroll Elementary, located on Littlestown Pike. The prior allocation provided for demolition of the original building and construction of a 12,000 square foot community center. Funding in FY 21 increases the building by 1,680 square feet to include bleachers in the gymnasium.

Operating impacts will be determined as the project develops.

County Building Access System Replacements/Additions

Chizuko M. Godwin, Management and Budget Analyst (410) 386-2082

8728

This project provides funding to replace and/or install building access systems at multiple County facilities. Funding is included for licenses, cabling, and various IT components. Listed below are planned projects:

Replacements: Library Headquarters Westminster Library Courthouse Annex Historic Courthouse County Office Building

Additions:

County Maintenance Facility

Operating impacts include software maintenance agreements.

County Technology

Chizuko M. Godwin, Management and Budget Analyst (410) 386-2082

This project provides ongoing funding for systematic replacement of County information and communication systems including computers, servers, printers, network infrastructure, and security cameras. The County replaces user equipment, peripherals, and core IT infrastructure on a cyclical basis. Listed below are planned projects:

Virtual Server and Back-Up System Upgrade/Replacement Storage Area Network (SAN) Expansion Switch Replacements Audio Video Suite and Court Smart Replacements for Circuit Court

Operating impacts include maintenance costs and software support. The reduction in operating impacts in FY 21 and FY 22 is due to the purchase of a multi-year software and hardware maintenance contract associated with the Virtual Server upgrade/replacement.

Public Safety Regional Water Supply

Lynn Karr, Senior Management and Budget Analyst (410) 386-2082

This project provides ongoing funding for the installation of water tanks and dry hydrants throughout the County. Water tanks provide a 30,000 gallon source of water to support firefighting operations.

Dry hydrants use sources, such as streams and ponds, to access water for use in firefighting activities in areas that are otherwise without a readily accessible supply of water. Dry hydrant projects generally include the installation of PVC pipe on a bridge structure and are used to draft water from the stream.

Lynn Karr, Senior Management and Budget Analyst (410) 386-2082

8166

This project provides funding for additional phases to the Public Safety Training Center, located on Kate Wagner Road in Westminster. The Training Center is used by emergency services and law enforcement personnel. It is anticipated the State will provide approximately half of the total funding for this project. Listed below are planned projects:

Lower Level Parking Lot
Upper Level Parking Lot
Class A Burn Building
Utility Distribution Lines for props and planned burn building
Training Props for realistic drills with hazardous materials and vehicle extrication
Outdoor Classroom

Operating impacts include gas for props and electricity to light parking lots.

Westminster Library - Exploration Commons

Commissioner District: 3

Chizuko M. Godwin, Management and Budget Analyst (410) 386-2082

This project provides funding to convert the Westminster Library basement into a makerspace. Renovated space will provide a large room for meetings, demonstrations, and events; several small group study spaces; and an area to offer cutting-edge technologies.

Project is partially funded with community support and contingent on State funding.

Operating impacts include utilities and maintenance.

ENTERPRISE FUNDS

Overview of Enterprise Funds CIP

Enterprise Funds are used to account for operations that are funded and operated in a manner similar to private businesses. Carroll County has six enterprise funds: Carroll County Regional Airport, Fiber Network, Hap Baker Firearms Facility, Septage, Solid Waste, and Utilities (Water and Sewer). There are no projects in FY 20 – 25 for the Firearms Facility, Septage, or Solid Waste Enterprise Funds.

Fiber Network

The Fiber Network Enterprise Fund includes planned funding of \$1.0M in FY 23 for Carroll County Public Network (CCPN) equipment replacement.

Utilities

The Bureau of Utilities operates Freedom Sewer, Freedom Water, Hampstead Sewer, and several other small water and sewer systems. Projects can generally be divided into those intended to improve the existing system, such as rehabilitation projects to reduce inflow and infiltration, and those intended to provide for increased demand. Included in the FY 20 - 25 CIP is \$4.7M for upgrades to water and sewer lines in the Town of Sykesville, \$3.5M for repairs to sewer lines, and \$4.9M for repairs to water lines.

For additional information on these or other Enterprise Fund projects, please refer to the individual project pages.

Grounds and Maintenance Equipment

Stephanie R. Krome, Senior Management and Budget Analyst (410) 386-2082

6818

This project provides ongoing funding for grounds and maintenance equipment at the Carroll County Regional Airport, located off Route 97 in Westminster. The Federal Aviation Administration (FAA) has approved County use of rental revenues collected from the properties that were jointly purchased by the Airport and the FAA.

CCPN Equipment Replacement

Chizuko M. Godwin, Management and Budget Analyst (410) 386-2082

This project provides planned funding for the replacement of equipment installed in FY 15 for the Carroll County Public Network (CCPN). Construction of the CCPN began in 2006 and was completed in 2013. In addition to the 112 miles of backbone fiber, 33 miles of laterals have been built and over 100 sites have been brought onto the Network.

Operating impacts include hardware maintenance agreements.

Billing Software

Stephanie R. Krome, Senior Management and Budget Analyst (410) 386-2082

Proj#

This project provides planned funding to upgrade the billing software used by Utilities and Accounting, in conjunction with a larger software upgrade.

Operating impacts to be determined as the project develops.

Runnymede Wastewater Treatment Facility Rehabilitation

Commissioner District: 1

Stephanie R. Krome, Senior Management and Budget Analyst (410) 386-2082

6457

This project provides funding for the rehabilitation of the Runnymede Sequential Batch Reactor (SBR) Wastewater Treatment Facility, which was put in service in 1994 and serves Runnymede Elementary School. The scope includes replacement pumps, UV blowers, generator, and transfer switch; as well as electrical/control upgrades, painting of the SBR tanks, and other site improvements.

This project provides ongoing funding to rehabilitate sewer manholes. Repair strategies include: foam injection rehabilitation, spray-on lining structure rehabilitation, addition of manhole risers to raise the top of structures, and replacement of existing manhole covers with sealed structures. New manhole installations are also included in this project.

This project provides funding to connect various water mains to provide adequate looping in the Freedom Area Water System. Looping of water mains is the connection of dead ends of two separate water lines. Connecting these lines improves water flow throughout the system, and helps maintain and improve water quality.

This project provides ongoing funding to replace the County's water main valves and blow-off valves. Water main valves are needed to shut off lines in the event of water main breaks or if new connections are added into the system. Blow-off valves allow for water line flushing. The planned annual allocation will fund approximately 25 blow-off valve replacements and 5 water main valve replacements.

This project provides ongoing funding for the upgrade and replacement of approximately 10,000 residential meters and 420 commercial meters. The upgrade includes software and hardware equipment that will enable remote readings, and could also include replacement of, or conversion to, meter vaults. Conversion moves the meter from inside private houses to a vault located in the County right-of-way to allow easier maintenance and meter readings.

This project provides ongoing funding to replace water service lines in the Freedom Water Service Area. Leaking water lines lead to increased operational costs and loss of treated water. The annual allocation for this project funds the replacement of approximately 80 - 90 water service lines each year.

GLOSSARY OF TERMS AND **ACRONYMS**

GLOSSARY OF TERMS AND ACRONYMS

ADA Americans With Disabilities Act.

AGRICULTURE TRANSFER TAX Tax on the sale of property located within an area zoned for agriculture; proceeds are used to help fund the Agricultural Land Preservation program.

APPROPRIATION Legal authorization to spend a specific amount of money for a particular purpose during a fiscal period.

BALANCED BUDGET A budget in which total expenditures equal total revenues. By State Law, the County's budget must be balanced.

BOE Board of Education.

BOND An investment grade interest-bearing certificate of indebtedness sold by the County or another governmental agency to generate funds. The bond guarantees payment of the original investment plus interest by a specified date or dates in the future. Bonds typically involve long-term indebtedness to pay for capital projects.

BONDED DEBT The total amount owed by the County as a result of the sale of general obligation or other bonds guaranteed by the County Government.

CAPITAL BUDGET This budget funds construction and improvement projects such as schools, bridges, and roads.

COMMUNITY INVESTMENT PLAN (CIP) A six-year plan showing anticipated capital projects and funding sources.

DEBT SERVICE The annual payment of principal and interest on the County's bonded debt.

DEPARTMENT A County agency or office. Examples are the Department of Economic Development and the Department of Public Works.

DISTRICT LOCATION Project location based on the five Commissioner districts within Carroll County.

ENTERPRISE FUND A fund established to account for the financing of self-supporting services provided by the County government. The services generate their own revenues from fees, charges, and other receipts. Carroll County presently has six enterprise funds: Airport, Fiber Network, Firearms Facility, Septage, Solid Waste, and Utilities (Water/Sewer).

EXPENDITURE The cost of goods delivered or services rendered.

FISCAL YEAR A 12 month period of time to which the annual operating and capital budgets apply. Carroll County's fiscal year runs from July 1st through June 30th.

FUND A separate budget/accounting entity with its own revenues and appropriations. The General Fund, for example, covers most of the daily operations of the County agencies and is financed by a variety of taxes and other revenues.

GENERAL GOVERNMENT Capital projects that do not specifically fit in one of the other five categories: Recreation and Culture, Public Works, Board of Education, Conservation and Open Space, and Enterprise Funds. General Government projects are typically related to Public Safety, Carroll Community College, Carroll County Public Library, State's Attorney's Office, Technology Services, Senior Centers, Farm Museum, and other County facilities.

GENERAL OBLIGATION BOND Common type of municipal bond secured by a state or local government's pledge to use legally available resources, including tax revenues, to repay bond holders.

GIS Geographic Information Systems.

GRANT A contribution of assets (usually cash) from one governmental entity (typically the State or Federal government) or other organization to another. The contribution is usually provided in support of a particular public function, project, or program.

HVAC Heating, ventilation, and air conditioning.

IMPACT FEES One-time charges assessed against new development to recover a portion of the capital cost of the additional public facilities of parks and schools needed to serve that development.

LOCAL INCOME TAX (LIT) Counties in Maryland have the authority to levy a Local Income Tax rate, which is expressed as a percentage of State taxable income. A portion of Local Income Tax is devoted to the Capital Fund for Board of Education projects.

MUNICIPALITY City or town incorporated for local self-government.

OPERATING BUDGET The annual budget, which supports the day-to-day operations of County agencies.

OPERATING IMPACTS The costs associated with implementation of projects in the capital budget. Examples include utility, maintenance, and personnel costs.

OVERLAY Consists of milling and patching of failed areas, and the application of hot mix asphalt over the existing road or parking lots.

PAYGO A fiscal policy by which capital projects are funded with current revenue. In Carroll County, in addition to Transfer to Capital Fund, other sources of current revenue are appropriated directly to the Capital Budget.

PRIOR ALLOCATION Legal authorization to spend a specific amount of money for a particular purpose that occurred during a previous fiscal period.

PROGRAM OPEN SPACE (POS) Funding provided as a portion of the State Real Estate Transfer Tax for the acquisition and development of park facilities.

PROPERTY TAX Tax on the value of real and personal property is levied almost exclusively by local governments. In Maryland, the State Department of Assessments and Taxation is responsible for the valuation and assessment of all property in the State. The local government is responsible for setting the tax rate to be applied to the property assessments to generate revenues in support of the local budget. A portion of Property Tax is devoted to the Capital Fund for the Agriculture Land Preservation project.

REAPPROPRIATION A transfer of funds that may occur when there are unspent budgeted funds from a completed or cancelled project, or when there is an unallocated project that holds funds for future use.

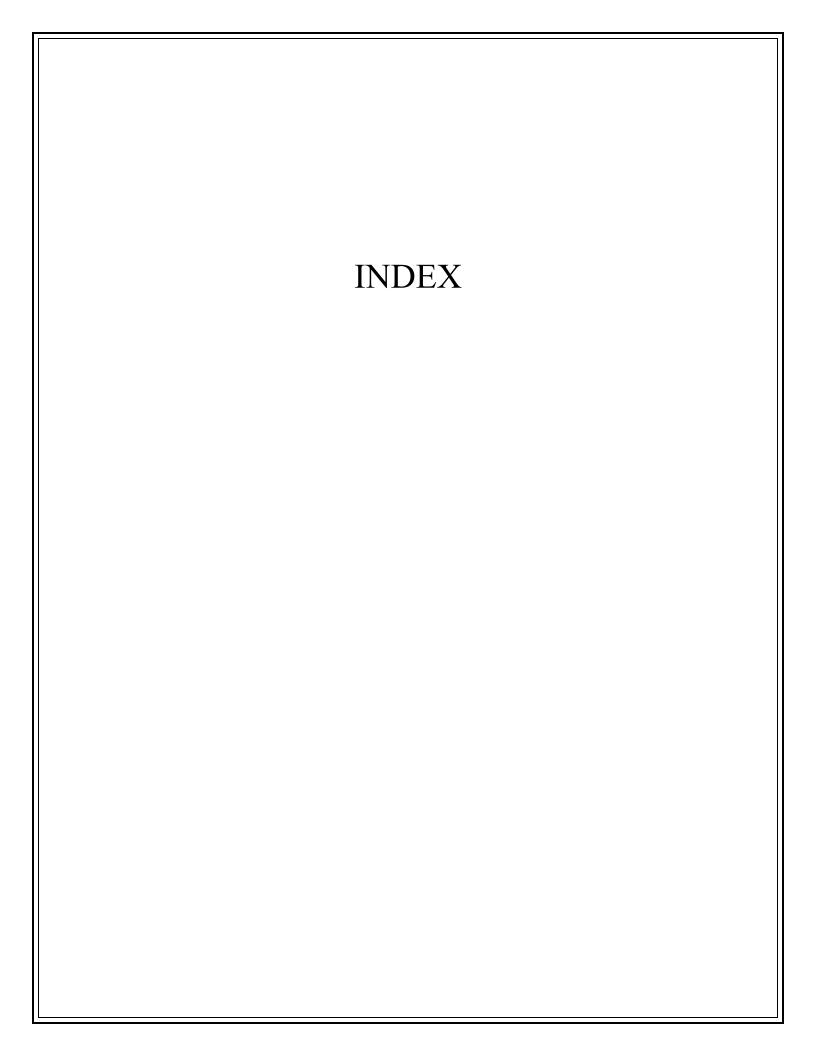

RESOLUTION Formal statement presented to Commissioners for decision.

REVENUES Monies received by the County to provide services needed by the public. Property Taxes, building permits, and receipts from State and Federal sources are examples. By law, revenues must meet or exceed appropriations.

SEQUENTIAL BATCH REACTORS (SBR) A type of sludge process for the treatment of wastewater.

WTP Water Treatment Plant.

WWTP Wastewater Treatment Plant.
