1. Approved plans, with comments, must be retained on the job until the final inspection has been made. No inspection will be made without the approved plans on the job site. No work covered by this application may be performed before the permit issuance.

2. Any deviation from the approved plans must be authorized by the approval of revised plans subject to the same procedure established for the examination of the original plans. This revision approval must be obtained prior to The proposed changes being made in the field.

3. All sprinkler work must be performed by a contractor with a valid Maryland Sprinkler Contractor License.

4. Permits become invalid if installation work is not started within six months from the date the permit is issued. If work does not continue to progress, the permit will become invalid six months after the last inspection is made.

I have been authorized by the owner to do the work herewith described and verify that the information contained on this permit is correct. In doing this work, I will conform to all applicable codes and ordinances of the State and this jurisdiction and will notify the Carroll County Bureau of Permits and Inspections office at least 1 day prior to when I am ready for the inspections. I further agree that no work will be covered up until such inspections have been complied with.
